RFM Procedure 5:
Program Administration: Annual Review, Document Control/Management, and Program of Work
Alaska Responsible Fisheries Management (RFM) Certification Program
17065
Procedure 5: Program Administration

1. Purpose
This procedure defines the method by which the RFM Team reviews the RFM Program and Quality Management System to ensure that the system continues to support the policies and strategies approved by the ASMI Board of Directors and the requirements of Accreditation, FAO and GSSI Benchmark Standards and other recognized benchmarking templates.

This procedure also describes the method by which the controlled copies of the RFM Quality Management System (QMS) documents are changed, approved, issued and maintained. In addition this procedure maps out a biannual process in which the contents of the Scope of Work is updated and maintained.

2. Scope
The review will consider the performance of the Committees, Certification Bodies and Accreditation Bodies operating within RFM and the Quality Management System, as demonstrated by consistency and compliance with the Program’s strategy, policies, procedures, certifications, and accreditation service requirements. Complaints and observations of customers, certification bodies, clients, accreditation bodies, and other stakeholders may be considered. Consideration will also be given to the relevance, efficiency, and practicality of the RFM Program and its Standards.

Management of Document Control of the Quality Management System is the responsibility of the ASMI Executive Director, or designee. RFM documents are graded into three tiers as listed below:

a) Tier 1: Policy, Standards and Key Document Control

**Procedure 5: Program Administration**

Version reviews and updates will be documented for RFM’s Quality Management System materials to show that the documents have been issued after approval. All relevant QMS and Procedure documents will be available on the ASMI website.

Lastly, this procedure covers the Program of Work including all strategies, objectives, targets, standards (including the RFM Fishery Standard and RFM Chain of Custody Standard), materials, and procedures produced under the RFM QMS and Procedures and the processes used for their development, including expert consultations, comment periods, reviews, and implementation and training under the RFM Program.

**3. Process**

**3.1 Current Performance Review**

The Executive Director, or designee, shall report to the ASMI Board at least once each calendar year on the performance of the RFM Program and Quality Management System.

The report will include the following:

a) A review of the RFM Program and Quality Management System, including a summary of an audit identifying any areas of concern and proposed modifications to address those concerns;

b) A full report on each Certification Body and Accreditation service provider, identifying any observations or non-conformances, which could affect the acceptance of RFM Program or Certification Body’s accreditation;

c) A formal documented report on potential conflicts of interests of the relationships between Board members and Committee members and external parties to ensure that there are no conflicts of interest;

d) A summary of any complaints and actions taken;

e) A summary of open comments from the public to include any feedback from stakeholders that ASMI has identified as being directly affected by the RFM Certification Program.” and

f) An evaluation assessing the suitability, adequacy and effectiveness of the RFM Program’s management system identifying improvement opportunities. The evaluation shall also be used to identify and assess any changes needed to policy, objectives, resource needs and improvement to product or services.
Procedure 5: Program Administration

The Internal Review will be circulated and presented to the relevant Committees (RFM / FSC / ASMI Technical Committee) and the ASMI Board. The Committees, ASMI Executive Director, or designee, and Board will review all actions taken or proposed to address concerns identified in the report. Committees may propose (subject to approval of the Board) other actions to be implemented by the RFM Team.

3.2 Review Records

The minutes of the ASMI Board and relevant committee meetings shall record the response to the review, including any actions to be implemented by the ASMI Executive Director, or designee, and the RFM Team.

Copies of reports presented will be maintained in the Internal Review file held by the ASMI Executive Director, or designee.

3.3 Version Management

Master copies of both current version and immediately superseded version will be retained by ASMI, under the direction of the Executive Director, or designee. Any documents requiring signature shall be retained as hard copy.

Program Standards and Scoring Documents will be identified by version number and/or date.

3.4 Version Notification

The ASMI Executive Director, or designee, shall also be responsible for ensuring that Certification Bodies and Accreditation Bodies are informed and directed to the ASMI website for the current versions of relevant Quality Management System Procedures and any supporting materials.

3.5 Review and Update

Policy and Control

As part of an annual Quality Management System Review, the above documents will be reviewed at least once per year, but may be changed under authority of the ASMI Board at any time, to reflect current best practices or align the Program with its policies, objectives, and goals.
Procedure 5: Program Administration

The Executive Director, or designee, and RFM Team are responsible for the maintenance of the Quality Management System.

Proposed changes to the Policy, Procedures and RFM Standards can only be made under the authorization of the relevant party listed above for each key document.

Program Standards and Scoring Documents

The Executive Director, or designee, shall ensure that RFM Program Standards and associated Scoring documents are reviewed by the appropriate RFM Advisory Committees and updated accordingly, in accordance with the program requirements (including standards development and review) and as required by relevant regulatory and legislative requirements.

Following approval by the ASMI Board, the Executive Director, or designee, shall reissue amended documents in accordance with the requirements of the applicable provisions of the QMS and Procedures.

Forms

ASMI directs the approved Certification Bodies to create their own RFM Forms. To assist with consistency ASMI may provide form templates. The need for and content of form templates will vary over time with program changes. The ASMI Executive Director, or designee, will oversee the development of all form templates.

The RFM Team will maintain a listing of and copies of all forms identifying each form by name, number, (including the version number) and date.

The ASMI Executive Director, or designee, shall ensure that only the current version of a form template is available for use.

RFM Program Standards

Minor revisions relative to grammar and specificity to the Program Standards will require an update of the revision number.

Major substantive revisions to the Program Standards will result in reissuance of the Standard and an update of the version number.
Procedure 5: Program Administration

An amendment record indicating the revisions and version updates shall also be included at the back of each document.

Scoring and Rules
Changes to the RFM Scoring and Rules and Regulations will require an Issue Number change.

An amendment record of the changes to the Rules and Regulations will also be included in the change log found at the end of each Procedure.

Forms and Checklists
Changes to forms shall be identified by issue number and date.

3.6 Program of Work
The Program of Work will detail any changes to the RFM Program and its materials, scheduled reviews of the RFM Program Standards and other aspects of the RFM Program and the timetable established for completion of those reviews. Progress and timetables including comment periods will be communicated through the ASMI website.

At a minimum, the Program of Work will specify:
• Scheme owners name and address;
• All standards currently under preparation;
• All standards currently under reviewing or revision; and
• Any standards which were adopted in the preceding period.

The ASMI Executive Director, or designee, is responsible for posting the RFM Program of Work on the ASMI Website and reporting on the progress of this work every six months.

The RFM Committee is responsible for developing and reviewing the strategy objectives, targets, and performance indicators for the RFM Program. In their review, the RFM Committee may consider any results and conclusions arising from the internal annual RFM Program review.

RFM Committee recommendations are forwarded to the ASMI Board for consideration and are subject to ASMI Board approval.

The RFM Fisheries Standard Committee will establish a Program of Work for the RFM Fishery Standards consistent with the requirements of the RFM QMS.
Procedure 5: Program Administration

The ASMI Technical Committee will agree and establish a Program of Work for the RFM Chain of Custody Standard consistent with the requirements of the RFM QMS.

The RFM Team is responsible for coordinating the Program of Work, in consultation with the ASMI Executive Director, or designee.

4. Record Management
The Executive Director, or designee, shall ensure that a master file of all documents is maintained, and document control will be verified through an annual review. Records will be maintained by ASMI, either on a shared drive, or hard copy. Records shall be maintained for a period of at least one full standard revision cycle. Records shall be made available to interested stakeholders on request.
