Amendment #2

Amendment Issue Date: April 5, 2021

IMPORTANT NOTE TO OFFERORS: Only the following items referenced in this amendment are to be changed. All other sections of the RFP remain the same. A copy of the amendment is available at: alaskaseafood.org

The following questions have been asked and answered:

Question #1: In the RFP, there are a few preferences that require an Alaska Business License to be eligible for. When checking for how to apply for the license, according to the Alaskan Government Website web site here (https://www.commerce.alaska.gov/web/cbpl/businesslicensing.aspx) it seems as if there is a suspension on new applications for licenses. How would this affect our eligibility for these preferences, and does this affect our eligibility to pitch for this RFP overall? We do not currently have an Alaska Business License.

Answer #1: A business license is required of the winning proposer and will need to be obtained once that the Notification of Intent to Award the contract is released. A business license will be required but currently the fees are removed at this time per the governor’s request.
